## WABASH EARNINGS

The official statement issued by the Chicago & Alton railroad for the fiscal year ended June 30 shows net earnings of \$3,100,804, an increase of \$344,077 over the net earnings of the previous fiscal year.

The gross earnings were \$10,071,220, an increase over the previous year of \$645,353. The operating expenses and taxes were \$6,970,185, an increase of \$301,276.

The gain in gross earnings is the best indication of the growth of the Alton's traffic, both freight and passenger. With the same volume of traffic and no higher operating expenses, the Alton at the end of the fiscal year just begun will show much larger gain in net earnings. From all indications its traffic for the coming year will largely exceed the past year. The St. Louis fair will largely swell its earnings and the numerous industries along the line of the road have orders for an increase in output. The physical condition of the Alton road now compares favorably with any in the country. Nearly all its equipment is modern and order have been given for many new engines, freight and passenger cars. Al in all, the Alton's prospects never were so good.

The June statement of the Chicago & Alton, just issued, shows that gross earnings for the month were \$747,957, an increase over last year of \$20,243. Operating expenses and taxes were \$584,932, a decrease of \$7,138. Net earnings amounted to \$163,025, an increase of \$27,381.

**WABASH EARNINGS.**  
The Wabash earnings for the second week in August amounted to \$475,917.94, showing an increase of \$47,437.50 compared with the corresponding week in the previous year.

**PREPARING FOR ODD FELLOWS.**  
Baltimore, Md., Aug. 21.—Letter are being received daily at the office of the grand secretary of the Sovereign Grand Lodge of Odd Fellows from subordinate lodges indicating an unusually large attendance at the national meeting of the order which is to be held in Baltimore, beginning Sept. 21.

It is particularly appropriate that the convention should be held in this city, as it was here that the order was given birth in America. Washington lodge, No. 1, is known as the "mother lodge" and during the coming convention a number of interesting relics connected with the early days of the order will be exhibited to the visitors. One of the most interesting of these relics is the chair used by Thomas Wilkey, founder of the order in America. The chair is still in a good state of preservation.

It is estimated that the number of visitors at the coming convention will pass the 60,000 mark. Letters have been received stating that large delegations will be on hand from Michigan, Georgia, Illinois, Indiana, Colorado, New York, Pennsylvania, Ohio and a number of other states. There will be no grand officers elected this year, each being elected for a term of two years, and the election having been held last year. The present grand sire, who will preside over the proceedings of the convention, is John B. Goodwin, of Atlanta, Ga.

**BROWN COUNTY FAIR.**  
G. R. McDonald and George Keyser, of Mt. Sterling, president and secretary of the Brown County Fair association, were in the city Friday on business connected with the fair which will open Sept. 1 and continue four days. Entries close Aug. 30. Records after Aug. 31 no bar.

## Arrested

Justice Fitzgerald, Prisoner and Delivers Soothing Balm to Unlucky Son.

Chicago, Aug. 21.—If your son is making a good salary and won't give you a cent, after you have cared for him during months or years of illness, and you should find some money in his pocket, take it. It isn't stealing. Justice Fitzgerald ruled this way in the stock yards police court yesterday morning, when Mrs. L. Krabucky was arraigned on a charge of larceny, preferred by her son, S. P. Voltaire. Justice Fitzgerald not only discharged the woman, but administered a severe rebuke to the undutiful son, whom a spectator styled as the "meanest man in Chicago."

The testimony showed that Voltaire had been in ill health and unable to work for five years. During all this time he lived off of the bounty of his mother, and she cared for him most tenderly. Recently Voltaire recovered sufficiently to go to work. He got a place paying a good salary. But he refused to give his mother any of it, though she was sorely in need of money.

So Mrs. Krabucky did what any mother would think she had a right to do under the circumstances. She went through her son's clothes while he slept, just as thousands of mothers have done before. But she was luckier than most mothers in finding a check for \$27, which she appropriated to her own use.

Then came the storm. Voltaire had his mother arrested and declared he would have her sent to the Bridewell. But he didn't.

## ONE MARRIAGE NOT ENOUGH.

Bridgeton, N. J., Aug. 21.—Charles W. Nicholson and his wife, Mrs. Amanda Nicholson, will be married at their home in this city on the evening of Sept. 3. Their children and grandchildren and about 100 old friends will witness the ceremony.

Mr. and Mrs. Nicholson were married fifty years ago. They have lived happily ever since, but Mr. Nicholson has read lately that it is appropriate, from a scientific point of view, for a man and woman to remarry every few years.

The Nicholsons hold that as there is a constant change of tissue and that on their golden wedding anniversary husband and wife are not the same man and woman who were married fifty years before, the enamel on their teeth only excepted. Mr. Nicholson says that he has bought store teeth since he was married and that he, therefore, considers himself a new man.

## LINE ADDRESS

Valuable suggestions for treat-  
ment made by Dr. W. W.  
Crane.

Editor Journal: I note the  
fact that a number of line  
accidents have occurred lately,  
which could have been prevented if  
properly treated. To treat a line  
accident properly only a few things  
are necessary: namely: A cool head,  
prompt action and cold water. Do  
not get excited, but quickly get a  
bath full of cold water and have the  
patient lean over it and immerse the  
face in the water, urging them to  
open and close the eyes repeatedly  
under water. In about a minute  
change the water by pouring in a  
fresh supply which will remove all of  
the alkali and leave the face and eyes  
in a neutral fluid that is soothing,  
cooling and cleansing. You can then  
have a physician see the patient if it  
appears to be necessary. Instanta-  
neous action is the keynote to suc-  
cess and that is why I wish to teach  
the mothers and housewives what to  
do, because, if this plan is kept in  
mind and promptly followed, it will  
win every time. On the other hand  
if they wait until a physician ar-  
rives, much valuable time is lost and  
great injury will many times be done.  
Give the sufferer this harmless and  
very efficient treatment first, at once,  
and then call the physician if you  
wish. Remember to act quickly.  
While on this subject of alkali in-  
juries, I will also speak of lye ac-  
cidents. Many women keep con-  
centrated lye about the house and oc-  
casionally children are terribly and  
even fatally injured without it. Prompt  
action in this is also the secret of  
salvation; keep cool; don't get ex-  
cited and remember ordinary  
grease or fat is the best antidote.  
Use lard or butter or any bland oil;  
force it into the mouth and down  
the throat freely and do it quickly.  
Do not use vinegar or any acid, as I  
have known some physicians to do,  
but use oil, butter or lard, as this  
will instantly form a harmless soap  
and stop the caustic action. The so-  
called hydro-carbons, or mineral  
oils, like kerosene, axle grease, etc.,  
will not answer the purpose, as con-  
taining only hydrogen and carbon  
they lack those necessary fatty acids  
that are in animal and vegetable oils.  
While this treatment is being given  
the physician can be called, but do  
something before he arrives; and do  
the best thing and do it at once.  
Hoping these suggestions may be  
of benefit to some unfortunate one,  
I respectfully submit them.

#### EDUCATIONAL FUND.

At a meeting of the board of trustees of the George Washington Educational Fund, provision was made for a competitive examination to be held in the city of Jacksonville, commencing at 10 o'clock a. m., Tuesday, Sept. 1, 1903, said examination to be open to all colored persons of Illinois, from whom will be selected at least four beneficiaries, whose board, room rent, tuition and all necessary incidental expenses (except railroad fare and clothing), while attending Fish university, Nashville, Tenn., or some other good college or university, to be selected by the trustees, will be paid out of the fund.

The examination will include the following branches:  
English course—Reading, orthography, mental and written arithmetic, political, mathematical and physical geography, English grammar, United States history, elements of physiology, penmanship, elementary algebra to quadratics, and elements of natural philosophy. Applicants for admission to advanced classes in college will be examined on such additional branches as may be required for such classes.  
Classical course—Those wishing to enter the freshman class classical course, will, in addition to the English branches enumerated, be examined in four books of Caesar, six books of Virgil's Aeneid, the four orations of Cicero against Catiline, the first four books of Xenophon's Anabasis, the first two books of Homer's Iliad, Greek prose composition, Greek history, physics, plane geometry and the science of United States government.

A thorough knowledge of these branches will be prerequisite to appointment as beneficiaries of this fund. The youngest applicants, other qualifications being equal, will be preferred. Only persons of sound and healthy physique are advised to apply. Careful inquiry will be made respecting the habits and moral character of applicants, and certificates from principals of schools last attended and from other reputable citizens will be required of all before being admitted to the examination. Any that may have doubts of the results of the most careful scrutiny in this respect, or of their ability to pass this examination, should save themselves expense and trouble of attending. Applicants are requested to notify J. W. Roberts, county superintendent, Jacksonville, examiner, as soon as possible, of their intention to attend the examination, giving their residences, ages and schools last attended, with names of teachers.

#### ILLINOIS EDITORS' OPINIONS.

**YATES' POSITION A STRONG ONE.**  
Peoria Star: When Richard Yates was a candidate for the position of governor three years ago he organized a campaign that took in every county in the state. He made the acquaintance of the people he carried with him a huge map of the state, on which were pasted red stars and other devices, telling the story of his canvass. For instance, the stars represented places he had visited twice or which had declared for him. He now proposes to adopt the same tactics. He has prepared a statement of his acts and a history of his administration, in which he will take up point by point all the objections that have been urged against him by the Chicago press. He will place himself before the public and show that he is entitled to a vote of confidence.

Governor Yates is not to be frightened from the pursuit of his object. His administration of the affairs of this commonwealth has been singularly free from scandal. His opponents can only say that he has organized his official family into a machine for his re-nomination, but this is a charge that is brought against every man in office, from constable to president, and it cuts no great figure in the minds of the people.

On the other hand the opposition are unable to concentrate their forces in favor of any opponent. The movement in favor of Deane seems to be forced and to be confined to a few wards in Chicago. The Chicago newspaper combine and the Democratic press puff him, more because they seek to raise a disturbance than for any belief in the possibility of his success. Joe Fifer is still uncertain as to whether he will run at all or not and Reeves has not been heard of. Nobody else seems to have any following. Frank O. Lowden is stirring around in a sad, uncertain and rambling way, and "the whole bling kite of them" seem only to hope that Yates will do something to give them a handle to act upon. But thus far Richard has been exceedingly circumspect and exceedingly fortunate. It may be that events will so shape themselves as to bowl him over, but in the game of

politics he has thus far shown that he is the ablest of the lot.

**HAS NOT BEEN TREATED FAIRLY.**  
Elgin Courier: Let us have unanimous consent to drop the governorship question until 1904. In the meantime, why not give Governor Yates a chance, not necessarily to secure a re-nomination, but to carry out his plans as the chief executive of the state? Not since he has been elected governor has he received the honest support of the entire party.

**DO NOT WANT A CHICAGO MAN.**  
Elgin News: The Deane boom is enlarging every day in Chicago, but is meeting with little favor outside. The state at large does not take kindly to a Chicago man for chief executive.

**CANNOT BE SATISFIED.**  
Morris Herald: The Chicago Tribune has lost its fight to close the canal. It sought a judicial decision that the state cannot appropriate money for it, and lost. It lost its vicious fight to prevent any appropriation by the legislature. Now it wants the commissioners that prevented the accomplishment of its object and the removal from office and others appointed. Would it be satisfied if it might name the new men so it could "stand in" and have help in destroying the canal? It is not possible that it would be satisfied by any other arrangement, and it is not to be expected it likes men who stood in its way and defeated its demands.

#### WILL NOT CASH WARRANT

**Treasurer Busse Refuses to Give Canal Board Money.**

Springfield, Aug. 21.—Attorney General Hamlin late this afternoon advised State Treasurer Busse not to cash the warrant for \$50,000 which was issued ten days ago to the state canal commissioners, following the dissolution of the injunction by Judge Creighton. General Hamlin told the treasurer that the suit is still pending and that only the merest technicality of court procedure had interfered with the perfecting of the appeal, which would carry with it a continuance in force of the injunction. Mr. Busse therefore will not cash the warrant and the funds of the canal are completely tied up pending a final decision in the state and possibly the United States supreme court.

When Judge Creighton dissolved the injunction he held that he was acting in chambers; that the petition for injunction and all the processes had been filed as for the September term and any orders taken in the case prior to the convening of that term were taken in chambers.

When he dissolved the injunction granted by Judge Thompson the May term was still in session, and under court practice it would be impossible for the petitioner to perfect an appeal. This could not be done until the September term had convened. The petitioned thereupon filed with the treasurer and auditor a written notice that the suit was still pending and that as soon as the September term opened he would perfect his appeal, and that any money they paid out of the treasury before the appeal was perfected and the injunction revived would be paid at peril. If the supreme court should reverse the lower court, the petitioner stated he would proceed to recover from the public officers and their bondsmen all the money that the canal commissioners might have secured during the pendency of the suit.

Under these circumstances Mr. Busse asked for the legal opinion of the law department, and General Hamlin, notwithstanding he defended the state canal board, felt that he must advise the treasurer not to honor the warrant.

#### CONTEST OVER A WILL.

The will of Singleton Buxton, of Virginia, is being contested in the Cass county circuit court and a bill in chancery has been filed by his grandson, Oscar Powell. Undue influence on the part of relatives and physical inability are the reasons alleged.

Mr. Buxton was a wealthy farmer who resided west of Virginia and who died in June, 1902. According to the will of the testator the property goes to his widow and after her death will go to his children. Powell is a son of a deceased daughter and married against the wishes and will of his parents and was cut off with \$5.

#### POLICE NEWS.

Sam Ornellas' gaming room over Comerford & Keating's saloon was raided last night by the night force. The keeper and four inmates were arrested.

#### A BIG COAL LAND DEAL.

**Chicago & Northwestern Buys Extensive Holdings in Macoupin County.**

Carlinville, Aug. 21.—Deeds conveying approximately thirty thousand acres of coal land from B. H. Dorsey et al to the Chicago & Northwestern Railway company, of Chicago, were filed in the circuit clerk's office in this city by J. F. Cleveland, land commissioner for that road. The consideration given is \$1,010,013.

The transaction was closed up last week that has been pending for more than a year. It means that one of the largest coal fields ever massed in this section of the state is to be developed by one of the largest railroads in the west. It also means, in the judgment of those in a position to know, that what is known as the Macoupin County railroad, a line that is now being surveyed from Girard to a point south of Dorchester, will eventually be constructed to connect with the Northwestern line at Peoria, by means of the C. & A., as a connecting line between Girard and Peoria, where the Northwestern line touches. Of course this connecting line is a matter of speculation, but when it is known that the terminus of the Macoupin County railroad is Girard and the Northwestern touches Peoria, that the two roads do not conflict, and that they are friendly, coupled with the fact that the deal for the coal lands has been closed for more than a year, and that the Macoupin County railroad has recently been launched, leads to the belief that the Northwestern is as much interested in the railroad as in the coal lands, since this is the only feasible plan for getting the coal out. Mr. Cleveland did not care to discuss the railroad proposition, saying he did not know of that part of the deal, if a deal had been made. He said the Northwestern Railroad company is the same as the Superior Coal company, in whose name the deeds were taken, and incorporated in Springfield last week by the secretary of state.

Mr. Cleveland also said he did not know just when the property would be developed, but it is taken for granted that the railroad company would not permit so vast a field in which so much has been invested to lay dormant very long. It is believed that active operations will commence at once to develop the field; that the railroad will be pushed as rapidly as possible to completion, and that a number of shafts will be sunk in the field, which is in the vicinity of Gillespie.

The deal means much to Macoupin county and especially the territory through which the road is being surveyed and the locality in which this field is situated. Much coal land that borders on the field now purchased will be eventually be purchased by this company. The Dorseys have been massing this large coal field in the south and east portions of the county for several years. No one outside of those interested has ever been able to ascertain just what their purpose was, and little has been said by them on the subject. It now develops that they were identified clearly with the Northwestern railroad, and the transferring of the deeds Saturday is the solution of the big enterprise.

#### CLEVER FORGER

**Young Woman in New York Proves an Expert in Crime.**

Mabel Parker, nee Preece, daughter of a Minneapolis commission merchant, whose clever forgeries have mystified the police force of New York city, and mention of whose remarkable forgeries has appeared in the Associated Press dispatches lately, is now safely lodged in jail in New York city. Among the banks upon whom forged checks were uttered was the Shoe and Leather bank of New York city, the latter firm being clients of the law firm of Ritch, Woodford, Boyce & Butcher, of New York, with whom Fred C. Tanner is connected and he was detailed upon the case and assisted the detectives in their efforts to locate the forger and will assist in gathering the evidence that will be introduced at the time of the trial. Mrs. Parker is only 21 years of age and was educated for a convent. Her ability to counterfeit signatures is remarkable and the clever method she used baffled the efforts of the most experienced detectives for some time. She is refined in appearance and manner and is evidently an admirer of "Diamond Lil," one of the cleverest women swindlers in the west and well known to the Chicago police force.

Mrs. Parker claims to have written for several magazines under the name of Mabel Singler. She says she was married four years ago at the Little Church Around the Corner by Rev. Dr. Houghton.

#### HUMOR OF THE HOUR

**A Charming Example.**  
"Do you see that man on the other side of the street?" asked the prohibitionist.  
"Who; that one in rags and tatters?"  
"Yes. I tell you his life is a lesson to drinkers. I was at college with him, and he was one of the brightest, most able fellows there; but he drank. He had a friend there who was a clever fellow, too, and who never touched a drop. There was considerable good natured rivalry between them as to who should be at the head of the class. During the first term the chances were pretty equal. Then drink began to get more of a hold on this one, and he began to go downhill. The second year he dropped off a little, the third a little more, and at last he graduated at the foot of his class and started out in the world, sinking lower and lower until now he does odd jobs for a living. It is shameful, pitiful. Look at his friend. He kept gaining and finally graduated at the head of his class."  
"And where is he now?"  
"Now! Ah—hm—hm. I—a—let me see. I believe he's in jail for fraud."  
—Oh, good day! And he walked hastily down the street.—Brooklyn Eagle.

**Might Help Him Some.**  
"Ah, my dear sir," said the earnest man with the white necktie, "you should not think of laying up riches for yourself in this world."  
"Don't you worry a minute about me," replied the easy liver. "I won't, but I'd like to have you meet some of my creditors and give them a little advice along that line!"—Cincinnati Commercial Tribune.

**Just Like a Woman.**

Milkman—Yes, ma'am. I thin her milk with water.

Mrs. Newrych—Well, you must thin mine too. You must treat me as well as you do her.—Chelsea Gazette.

**Here Kid.**  
Mrs. Smart—I see those new driving gloves of yours are marked "Cupid." What a ridiculous name for gloves!  
Mr. Smart—Oh, I don't know. S'pose it means that they're—undressed kid.

**Handicapped.**  
"Mrs. Binks has a hard time of it in one respect."  
"What is that?" asked the woman who had dropped in for news.  
"Her husband never goes to baseball games. When the dinner isn't good she can't say it is all his fault for being late."—Washington Star.

**Horrible!**  
"His punishment was even more than he deserved."  
"How was that? Did they lynch him?"  
"Oh, worse than that! Why, they stood him up in the middle of the road and ran him down with an automobile."—Brooklyn Eagle.

**Competitor.**  
"Why don't you get some detectives like those we read about in novels?"  
"My dear sir," replied the police official, "our department could not possibly offer them the inducements that literature holds out."—Washington Star.

**Sweet Revenge.**

**Some Men Insist on Being Strong.**  
"I wonder if you'd marry me if I had money?" he sighed.  
"Ah, George," she answered, "why do you wish me to be cruel to you? I have tried so hard to let you down easy."—Chicago Record-Herald.

**His Experience.**  
"Here's a conundrum for you," said the funny man. "What's the difference between a man and his wife?"  
"It's invariably a difference of opinion," replied Henpeck.—Philadelphia Ledger.

**A Bookish Man.**  
"He's the most bookish man with an automobile I ever knew."  
"How fast does he run it?"  
"He doesn't run it. He lets his wife run it."—Toledo News-Pea.

**Centralized.**

#### PROPOSING.

**Here Are Some Instructions For Those Deeply in Love.**

The dark is the proper environment for a proposal. Be reasonably certain, however, that you are talking to the right girl. Marriage will prove to you conclusively whether or not it was the right girl.

In proposing to an heiress use the term "May I be yours?" The time to propose to an actress is just before she brings her breach of promise suit. The time to propose to a widow is when you call and she is out.

Propose to a Chicago girl on the third visit and to the Philadelphia girl after eight years. A telegram does nicely for a Kansas girl. To propose to a Fifth avenue girl see her legal adviser.

Be careful of your words. A girl may refuse you if you say, "Do you love me?" who would gladly throw herself into your arms if you ask simply, "Will you marry me?"

A proposal should be accompanied by a kiss as evidence of good faith. If you are timid ask a hypothetical question, thus: "Milly, if a man about my build and prospects should ask you to marry him what would you say?" Leave the rest to Milly.

A man who proposes to an old maid is an old fool. Consider when you put the question to a Jersey girl how much alimony you can allow her.

If you propose on your knees you will stay there the rest of your life. A long engagement means a short marriage. Every cloud has its silver lining.

If the schoolgirl rejects you go out and place a bet on a 60 to 1 shot. Your luck will not desert you.

If a girl takes your proposal with a gasp of surprise be grateful. Your wife will be a diplomat.

Remember when a girl signs articles for the marriage bout she expects the long end of the purse, via or lose. No gentleman proposes before dinner. When a girl says "No" she means "No."

When a girl says "N-no" she means "Yes."—Norman Harris in Life.

**The Talkative Barber.**  
Mayor Knight was in Albany last week and while there dropped into a barber shop to get shaved. He was much annoyed by the barber, who insisted upon carrying on a conversation while shaving him. When, after some questioning, the barber discovered that Mr. Knight was the mayor of Buffalo he inquired:

"This, of course, is not your first visit here?"  
"No, I've been here before."  
"Is that so? Well, now?"  
"You ought to remember me," interrupted the victim, who was now quite savage. "I've been shaved here."

"It's funny I don't recall your face," retorted the barber.  
"Well, come to think of it, you wouldn't be apt to," mapped his honor. "It's all healed up now."

And the barber kept on shaving—Buffalo Evening Times.

**The Way He Viewed It.**  
"What's a philosopher, Rer Williams?"  
"He's a man dat takes everything easy."

The questioner seemed suddenly lost in thought. Then he spoke up: "Dat bein' de case, how come you stayed out de jail so long?"—Chicago Record-Herald.

## OPENING MATINEE

### OF GENTLEMEN'S DRIVING CLUB.

Held at the Fair Grounds Friday Afternoon—Large Crowd, Good Speed Program and Big List of Entries in Show Ring.

With fine weather, a fast track, a good field of starters and a large attendance the opening matinee of the Gentlemen's Driving club held at the fair grounds Thursday was a pronounced success. Jeffries' celebrated band was on hand and between heats enlivened the occasion with stirring music. The crowd was an enthusiastic one and the races were all that could be expected. The driving club had been to considerable expense in putting the grounds in condition, but their efforts were well repaid, as they presented a fine appearance. The old fences around the track, which had been torn down, had been replaced and treated to a coat of whitewash. The track had been worked up into prime condition and gold spheres mounted on poles had been placed to designate the eighth mile distance. Dr. J. W. Sperry acted as starter and gave perfect satisfaction. The judges were J. Z. Scott, J. W. Woods and O. B. Smith, of New Berlin. The timers were Gies Strawn, Mr. Potts and B. H. Brainerd, of Springfield. Capt. John Wright acted as marshal and his stentorian voice was used to good purpose in announcing the winners of the various events. John W. Clary, president of the association, was everywhere at once and the events went off with a precision characteristic of good management. The attendance was fully 1,200 and was not confined to the city, as representative horsemen from all parts of the county were on the grounds.

Interest centered in the free-for-all pace, which proved an interesting contest. There were two collisions, but neither horses nor drivers were hurt.

The show ring drew a good list of entries and the animals exhibited during the afternoon are certainly a credit to Morgan county and their owners may be pardoned proud of them. In the contest for best gentlemen's driver there were nineteen entries as follows: George Craig, Harry Kinter, Tom Packard, Frank Leach, James Corrington, Percy Cherry, C. Boston, Clark Green, John Russell, E. Shibe, C. Spaulding, P. Clary, James Rutherford, George Riley, J. W. Woods, Mr. Allen, J. Doyle, J. W. Corrington, F. H. Lohman. First prize was awarded James Rutherford; second prize, C. Boston; third prize, George Craig.

In the contest for best turn-out the following entered the lists: Mrs. L. B. Williamson, Percy Cherry, J. M. Corrington, Ed Shibe, Clark Green, J. W. Woods, J. Doyle, Frank Leach, Phil Clary, C. Boston and George Riley. First prize was awarded J. W. Woods; second prize to Percy Cherry and third to J. M. Corrington.

The judges in both these contests were O. B. Smith, Harry Havenhill and Mr. Potts. The racing card was as follows:

4:00 TROT.  
The first race called was the 4-minute trot for green horses, with a field of seven starters. In the drawing they got the following positions: Jennie K 1 (Killam), Del Pino 2 (Smith), Lenn 3 (Vosseller), Coultas Girl 4 (Huffaker), Illinois Central 5 (Leggett), Black Jack 6 (Longman). On the third score down Starter Sperry sent them away fairly well bunched. Jennie K stepped right to the front, closely followed by Illinois Central. Lenn went up at the first turn and Vosseller was slow in settling him. Longman with

Black Jack stepped up among the leaders, but the big black fellow broke on the second turn and he trailed the balance of the way. Vosseller with Lenn was coming some now, but the lead was too great for him. When they turned into the stretch Illinois Central was closing up on Jennie K and it was a horse race to the wire, Illinois Central passing the dark bay just in front of the wire and winning by a neck. Coultas Girl finished third, Lenn fourth, Del Pino fifth and Black Jack sixth. Time, 1:24 1/2.

In the second heat of the 4-minute trot the field went away in bad order on the third time down. Jennie K and Black Jack broke on the first turn and Leggett with Illinois Central stepped away from the field, followed three lengths behind by Lenn, who was being pushed by Coultas Girl. Lenn broke on the back stretch and Jennie K stepped by the two latter horses and finished an easy second, four lengths behind Illinois Central, the winner of the heat and race. Coultas Girl finished third, Lenn fourth, Del Pino fifth and Black Jack sixth. Time, 1:23 1/4.

Summary—4:00 trot, half-mile heats, best two in three:  
Illinois Central (Leggett) ..... 1 1  
Jennie K (Killam) ..... 2 2  
Coultas Girl (Huffaker) ..... 3 3  
Lenn (Vosseller) ..... 4 4  
Del Pino (Smith) ..... 5 5  
Black Jack (Longman) ..... 6 6  
Time—1:24 1/2, 1:23 1/4.

SPECIAL CLASS.  
The second race was a special with five entries as follows: Midnight (Massey) drew the pole, with Red Chief (Woods) 2, Little Bob (Strawn) 3, Georgia S (Hall) 4 and Lady J (Jericho) 5. After four scorings the field were sent away the fifth time down nicely bunched, but the heat developed into a farce after the second turn and Lady J cantered home as she pleased, 200 feet in the lead; Little Bob finished second and Midnight took third place. As the horses turned into the back stretch Georgia S cut into Red Chief and the wheel of the latter sulky was pulled off, letting Driver Spiers down. Leggett, who was driving Georgia S, pulled up, but as the accident was unavoidable the judges allowed both horses to stay in the next heat. The time was 1:17.

In the second heat of the special race they got the word on the third time down, with a fine start. Lady J took the lead and was never headed, although Red Chief went the heat in good style. They were going in good style on the back stretch until the second turn was reached, with Midnight and Little Bob going neck and neck. The former horse was hobbled and just before the turn was reached blundered and turned a complete somersault. Driver C. H. Massey was thrown and Delaney with Little Bob was caught in the mix-up and had to dismount. Fortunately neither of the horses or drivers were injured. Leggett with Georgia S, who was trailing, passed the disabled ones and finished third and the heat and race went to Lady J; Red Chief and Little Bob divided second money. Time, 1:11 1/4.

Summary—Special race, half-mile heats, best two in three:  
Lady J (Jericho) ..... 1 1  
Red Chief (Woods) ..... 2 2  
Little Bob (Strawn) ..... 3 3  
Midnight (Massey) ..... 4 4  
Georgia S (Hall) ..... 5 5  
Best time—1:17, 1:11 1/4.

2:30 TROT.  
There were only three entries in the third race, the 2:30 trot and the horses went away with Grace Wilson (Vosseller) holding the pole, Mr. Gus (Massey) 2, Watch Out (Rutherford) 3. Mr. Gus broke before the first turn was reached and Grace Wilson bobbled a little, but settled quickly. The grey mare left her feet again and Watch Out took the lead and kept the place, although the race was finished in a drive, with Grace Wilson a length behind. Mr. Gus third. Time, 1:17.

The second heat of the 2:30 trot was one, two, three. Spaulding drove Grace Wilson in this heat, but the mare acted bad again and Watch Out jogged home as he pleased with the heat and race. Grace Wilson finished second and Mr. Gus a poor third. Time, 1:18 1/4.

At a meeting of the association held during the afternoon the following officers were elected for the coming year: President, E. Dillon, of Jacksonville; vice president, F. Holcke, of Peoria; secretary and treasurer, R. B. Redlich, of Springfield.

Summary—2:30 trot, half-mile heats, best two in three:  
Watch Out (Rutherford) ..... 1 1  
Grace Wilson (Vosseller) ..... 2 2  
Mr. Gus (Massey) ..... 3 3  
Time—1:17, 1:18 1/4.

### FREE-FOR-ALL PACE.

The first heat of the free-for-all pace was uninteresting, although the two entries Joe Joker (Brainerd) and Goldseeker (Benson) went away in fine fashion. The clip was too fast, however, and Benson with Goldseeker carried him too fast and at the turn he left his feet and was slow in settling. Joe Joker, always steady as a clock, walked away and took the lead by several lengths. On the back stretch Goldseeker came fast, but he was hopelessly beaten. The time was 1:16.

The second heat of the free-for-all was easy for Goldseeker after the second turn, as Joe Joker made a standstill break and did not settle until the third turn was reached. In the meantime Goldseeker was going a perfect half and finished easily in 1:11 1/4.

The third heat of the free-for-all was as pretty a horse race as one cares to see the first half of the distance and the two horses went down the back stretch at a rapid clip, with Joe Joker closing the gap. Benson was piloting Goldseeker like a veteran and the horses were now neck and neck when the big sorrell left his feet and dropped several lengths behind. Benson came on holding Goldseeker level and passed under the wire an easy winner with the heat and race. The time was 1:11 1/4.

Summary—Free-for-all pace, half-mile heats, best two in three:  
Goldseeker (Benson) ..... 2 1  
Joe Joker (Brainerd) ..... 1 2  
Time—1:16, 1:11 1/4, 1:11 1/4.

### RUNNING RACE.

The runners were next brought out and they were a contrary lot. There were three starters and they were given the word after numerous attempts from a standing start. Hidden Mystery (Green) with Hunter up drew the pole, but started on the outside behind the other two, Trolley (Harlow), ridden by Clancy and Gipsy Daisy (Rubble), ridden by Konrad. It was a race all the way. On the back stretch Hunter came in fine style, with Hidden Mystery and passed Gipsy Daisy and Trolley who were neck and neck. Hunter rode his mount in fine style without whip or spurs, coming in like a whirlwind and winning the race two lengths to the good in the time of 54 1/4. Trolley was second and Gipsy Daisy third.

Summary—Running race, half-mile dash:  
Hidden Mystery (Green) ..... 1  
Trolley (Harlow) ..... 2  
Gipsy Daisy (Rubble) ..... 3  
Time—54 1/4.

The next matinee will be held Friday, Sept. 11.

### PLAYED AT BARRY

Jacksonville Ball Team Won  
One Game and Lost Other.

The Jacksonville ball team returned last evening from Barry, where they played Thursday and Friday against the team of that town. Thursday's game was hotly contested, ten innings being necessary to decide it. The batteries were Norris and Cadigan for the locals, Jeffries and Hazen for Barry. Score: Jacksonville, 6; Barry, 4. The visitors solved Jeffries' delivery for fourteen hits, while Barry found Norris for seven. Very few errors were recorded. Friday's game resulted in a score of 10 to 4 in favor of Barry. The batteries were Jeffries and Hazen; Abernathy, Norris and Cadigan. Abernathy was not up to his usual form and as a result the Barry boys hit about when they pleased. At the end of the fourth inning he gave way to Norris. Several errors added to the complications which resulted in the one-sided score.

Thursday's game was a fine exhibition of good ball, as Barry had an unusually strong team in the field.

### AT FRANK'S STORE.

Among other windows about the square which attract notice on account of special decorations for carnival week are those at Frank's dry goods store. The north window there is artistically decorated with corn, which serves to call attention to a very fine showing of fall dress goods. Speaking of dress goods brings to mind the fact that the dress goods stock in this store has been so enlarged that prints, gingham and goods in that class have been moved to a department on the north side of the store. Every bit of shelf room on the south side is filled with dress goods in seasonable weights, the very choicest fabrics and patterns that the markets afford.

Order ice cream for your Sunday dinner from Ehnie. No better.

### NEARLY COMPLETE

Preparations for Street Fair Week Progressing Nicely—Features of Infinite Variety Day and Night.

The Bucklin-Darnaby Carnival and Circus company will be here in all their gorgeous splendor and magnificence Monday for a six-day stay. They are unexceptionally the leading carnival company on the road and their shows are all mounted on wagons with decorated fronts, making a splendid appearance and the inside shows equal in merit the outside array. They bring with them a fine band and there will be every inducement for everybody to make merry carnival week.

The merchants are showing their enterprise in decorating and are vieing with each other in laudable rivalry for the best display.

The committee is in receipt of information which lead them to believe that the largest crowd from surrounding towns will visit the city that has been here in years and plans are being made by the restaurants and boarding houses to handle the people. All lines of business, however, are bound to be helped by the fair and it is an enterprise worthy of the hearty support of all citizens unreservedly.

The horse show will be one of the star attractions of the week and the exhibition will take place Thursday. Friday night there will be a mammoth D. O. K. K. parade and you can look for an evening of amusement when the sons of the parched and arid desert take to the war path, as they undoubtedly will on this occasion. The square and principal streets leading therefrom will be brilliantly illumined and 2,000 incandescent lights will make the scene a grand spectacle.

The list of free attractions will be innumerable and of an exceedingly high class.

Among the many attractions already signed, will be found the six Florences, premier champion of the world; ladies and gentlemen of exceeding beauty and grace, in innumerable feats requiring courage, unshakable nerve and great strength, presence of mind and years of training in gymnastic art. Doubtless the greatest aerial act ever brought to this country and the highest salaried artists. Master Van Norman, in his sensational performance on the spiral tower, Baader and LaVelle, the whirlwind bicycle riders, beginning where all others leave off, marvelous and sensational; a great fire baton drill; Slacky on the high wire; London, in her \$20,000 electrical sensation, etc.

The greatest trained wild animal show on earth—over 100 wild and ferocious beasts. Seated in the center of this huge arena is a gentle but fearless lady, who controls the big monsters by her eyes alone; fifteen big side shows; a miniature railroad; a monster Ferris wheel, sixteen feet higher than the one last year; a beautiful English carous; gypsy camps, etc.

### A LIMITLESS FIELD

Awaits the Raymond Oil Burner Company—People Anxious for the Goods.

The Raymond Oil Burner company has received several letters the past two or three weeks from points over the southwest, where they have installed burners during the past two and a half years, wanting to know when the company will be in readiness to supply the trade. The letter published below was received yesterday and will give some idea of the demands waiting to be filled; and the almost unlimited field for the goods of the company. The A. L. Evans company is one of the largest in the southwest and is preparing to extend its work in other lines:

A. L. Evans, Wholesale Commission Merchant, and Jobber of Butter, Butterine, Eggs, and Cheese; 415 Elm Street and 124 Live Oak Street.

Dallas, Tex., Aug. 20, 1903.

Raymond Oil Burner company Jacksonville, Ill.: Gents—I am firing up with A. L. Evans to go into the brokerage business. We have some of our lines; but have not decided on the line of "stoves." Learning from Mr. Markill that you have gone into this line, we are disposed to give your line the preference, if prices and quality will permit. If you are in shape to reach out for this market and will give us catalogue and prices in car load lots f. o. b. to Texas common points we will let you know at once if we can handle. We propose to work Texas, Arkansas, Indian Territory and Oklahoma Territory and will push any line we undertake to handle. We will handle no goods except direct from the manufacturer and will work the largest trade. We will be pleased to hear from you soon.

Yours truly,

A. S. Lee.

The company informs us that these letters are all unsolicited, but are from persons who know the success of their oil burners in that country and are now anxiously waiting to handle their goods.

### THE DEATH RECORD.

#### MILLER.

Cicero J. Miller, a well known resident of this city, died at Passavant hospital Friday at 5 o'clock in the afternoon, after an illness of only a few days' duration. He was about 73 years of age and was the son of E. T. Miller, who formerly lived on West Court street. The greater part of his life had been spent in this city, although at one time he was in the cotton brokerage business in New Orleans. He was the first cashier of the Jacksonville National bank and was known as a good business man and one of the experienced accountants in this section of the country. He was also connected with the old First National bank for some time. He leaves a son and daughter and also has a brother living.

Arrangements for the funeral have not been completed.

### FUNERALS.

#### WALSH.

The funeral of William Raymond Walsh, the little son of Mr. and Mrs. John Walsh, of Alexander, was conducted from the Catholic church Friday at 12 o'clock noon. The requiem mass was said by Fr. Formaz. Four little girl friends of the deceased acted as bearers and the remains were laid to rest in Cavalry cemetery.

#### A Cheerful Trip.

"A young friend of mine," said Senator Joseph W. Bailey, according to the Baltimore Post, "married not long ago a woman of fifty years. She was rich and ugly; he was handsome and poor."

"The day after their wedding I met the bride and bridegroom on a Pullman train traveling west. The bridegroom went into the smoking compartment with me, and we lighted up. He smoked gloomily. He was silent a long while."

"Well, Jack," I said, "so this is your honeymoon, eh?"

"He smiled grimly. 'Don't call it my honeymoon,' he said. 'It's the harvest moon with me.'"
